YOU'RE INVITED TO THE TIER 2 BAY CROSSING STUDY OPEN HOUSES!

This December, the Maryland Transportation Authority (MDTA) will host Open Houses for the Chesapeake Bay Crossing Study: Tier 2 NEPA (Tier 2 Study). These Open Houses mark a major milestone in the Tier 2 Study. The MDTA will share alternatives to address existing and future transportation issues at the William Preston Lane, Jr. Memorial (Bay) Bridge and along U.S. 50/301.

These Open Houses will serve as scoping meetings to solicit input on the issues that will be evaluated in the Tier 2 Environmental Impact Statement (EIS). This process is being formally initiated with publication of a Notice of Intent (NOI) to prepare an EIS in the Federal Register. The NOI contains important details about the study and will be made available at the Tier 2 Study website (baycrossingstudy.com).

Open House attendees will be able to:

- learn about the seven proposed retained alternatives and their expected environmental effects,
- discuss the Tier 2 Study with the Study team, and
- provide comments (the comment period will end at midnight on January 13, 2025).

There will be no formal presentation; however, the Study team will be available to answer questions during both the in-person and virtual Open Houses.

The same information will be provided at each of the Open Houses. Open House materials are available to review on the Study website at baycrossingstudy.com.

For more information, visit the Study website at baycrossingstudy.com, or call 667-203-5408.

Individuals who require special accommodations under the Americans with Disabilities Act or who require translation services (free of charge) should contact the MDTA at 410-537-1000 (711 for MD Relay) no later than 10 business days before the Open House they would like to attend.
