6-8 p.m. Presentation and

Testimony

Kent Island High School

900 Love Point Road

Stevensville, MD 21666

YOU'RE INVITED TO THE CHESAPEAKE BAY CROSSING STUDY: TIER 2 NEPA PUBLIC HEARINGS!

The Maryland Transportation Authority (MDTA) and the Federal Highway Administration (FHWA) will host two in-person and one virtual public hearing for the Chesapeake Bay Crossing Study: Tier 2 NEPA, where the public will have the opportunity to provide comments on the National Environmental Policy Act (NEPA) Draft Environmental Impact Statement (EIS) and the MDTA-Recommended Preferred Alternative, Alternative C. Alternative C best fulfills the Study's purpose and need while having the lowest cost and least environmental impact on natural, socio-economic, and cultural resources. Alternative C would build two new four-lane bridge spans with full shoulders across the Chesapeake Bay. The Draft EIS can be reviewed in advance of the public hearings online at baycrossingstudy.com or in person at select public locations listed on the website.

The virtual and in-person public hearings will include live testimony. To provide either public or private testimony, please pre-register by 5 p.m. the day before the hearing at baycrossingstudy.com or call 667-203-5408. Same-day registration will also be available at the event. No responses will be provided during public or private testimony.

For more information, visit the Study website at baycrossingstudy.com, or call 667-203-5408.

Individuals who require special accommodations under the Americans with Disabilities Act or who require translation services (free of charge) should contact the MDTA at 410-537-1000 (711 for MD Relay) no later than five (5) business days before the public hearings they would like to attend.
